

滑板车系列 SH335 套件组合

E-SCOOTER SERIES SH335 COMBINATION KIT

E-SCOOTER DRIVE SYSTEMS

The SH335 kit is a systematic component specifically designed for scooters. From the rider's perspective, we ensure more seamless integration while maintaining the comfort and efficiency of traditional riding. Enhance the riding experience for riders, making riding smoother, more efficient and natural. So when you go to a nearby cafe or glide on a country-style trail. We all advocate a healthier urban lifestyle with cycling at the core.
